

Child Pick Up / Drop Off Service

Thank you for your interest in our business, we are very committed to exceeding your expectations. We have placed our clients needs above our own and have appeared in numerous media slots like 938FM, Menshealth, Simply Her as well as the December issue of Her World magazine and CLEO to name a few.

We are primarily a driver services company; we have been in business for almost 5 years. We perform errand running, personal shopping services to individuals that are hard up for time, in essence buying back time. The vehicle would be an air-conditioned private vehicle with a regular driver without additional adults, children or guest. We very well understand the concerns for safety for our children, which is why we started such a service in the first place. We do not claim to be cheaper than taxis however our main concern is not cost but the safety of our children, knowing very well they are safe in our capable and trustworthy hands.

Our rates are \$50/hour excluding the cost of transport which would be an additional \$25 per trip. We do provide long term discounts if you decide to take us on over a contracted period of time. An official invoice will be sent for your perusal should you choose to go ahead.
